Petromin Value Added Technical Services Assure Optimum Performance of Critical Equipment and Continuous Improvement in O&M Processes

Shibh Al-Jazira Contracting Co.
Iyad Ibn Hanif, Al Malaz, Riyadh 12831,
Saudi Arabia

Objective:

To improve production efficiency by reducing downtime.

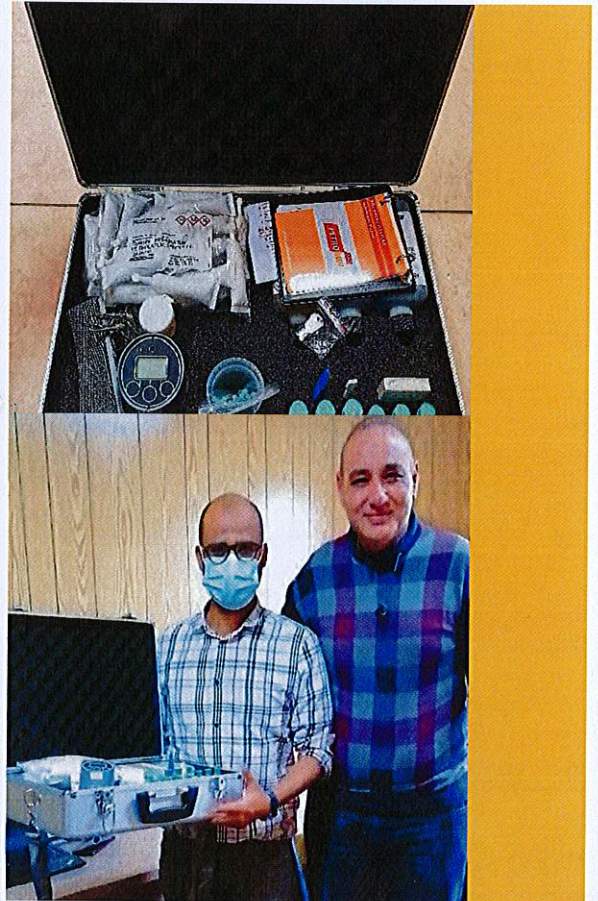

Execution:

Petromin offered complete used oil analysis Program for all the installed equipment onsite as per recommendations of major OEMs.

Petromin agreed to deliver onsite trainings for nominated the workshop personnel in all regions.

Petromin provided with Petromin DIGI Industrial Test Kit multi-parameter test kit that contains all of the necessary equipment and consumables for oil condition monitoring needs.

We therefore duly acknowledge technical contribution of Petromin towards constant improvement in our O&M processes.
