

NATIONAL Tuk Tuk Oil 20W-50 API SL/CF

NATIONAL Ultra Tuk Tuk Oil is an advanced automotive engine oil for current and legacy gasoline engine requirements. It is blended with proven additives that enable it to deliver better performance under a wide operating condition. It provides effective protection against oxidation during high-temperature operations such as in air-cooled engines in three wheelers e.g. Tuk Tuk.

Benefits

- Keeps internal engine parts clean by protecting against varnish and deposits.
- Exhibits excellent oxidation stability, reduces high-temperature deposits, thereby improving engine life.
- Provides protection across a wide range of operating temperatures.

Meets/Exceeds

- API SJ

Approvals

- API SL

Applications

- Recommended for use in on-road vehicles with air cooled engines such as in two- and three- wheelers.
- Suitable for both older and newer gasoline engines that require API SL or lower performance levels.
- Suitable for hot climate applications.

Product Characteristics

Properties	Test Method	Unit	SAE 20W-50
Density @ 15 °C	ASTM D4052	kg/L	0.8925
Kinematic Viscosity at 100 °C	ASTM D445	cSt	18.5
Viscosity Index	ASTM D2270	-	123
Flash Point, COC	ASTM D92	°C	248
Pour Point	ASTM D97	°C	-21
Total Base Number	ASTM D2896	mg KOH/g	6.39
<i>Product Code</i>			<i>197242</i>

- Information, test methods, figures are typical and conform to specification; minor variation may occur.
- Refer Owner's Manual for the manufacturer's recommended performance level, viscosity grade and builder approval requirements.
- Please refer to the product Safety Data Sheet (SDS) for health, safety, and handling information.
